## 📄 PROFESSIONAL SUMMARY

Proficient Full Stack Developer with hands-on experience in building responsive and dynamic web applications using React.js, Express.js, MongoDB, Node.js, as well as PHP and MySQL. Additionally, skilled in RESTful API development and version control using Git and GitHub, with a strong focus on clean UI design, performance optimization, and scalable architecture. Passionate about writing clean, maintainable code and collaborating with cross-functional teams to deliver high-performance applications.

## 🏢 PROFESSIONAL EXPERIENCE

### skfreelancers

Full Stack Developer

- Built responsive web applications with React.js, ensuring cross-device compatibility.
- Developed reusable components using React Hooks (useState, useEffect, useContext).
- Collaborated with designers and backend teams to deliver seamless UI/UX and integrated RESTful APIs.
- Created scalable backend logic with Node.js and Express.js, managing data in MongoDB.
- Used Git & GitHub for version control and collaborative workflows.
- Focused on performance, accessibility, and scalability in web applications.
- Customized WordPress themes and developed content management solutions.

### AlexSoft

MERN Stack Developer

- Designed and implemented RESTful APIs using Node.js and Express.js, improving data processing efficiency.
- Built reusable React components and optimized state management with Redux and useContext.
- Integrated MongoDB databases for managing data.

## 🎓 EDUCATION

### BS Computer Science

University of Wah

09/2020 – 08/2024

## 🧠 TECHNICAL SKILLS

### Frontend Development

React js, Bootstrap, Tailwind Css, Redux Toolkit

### Backend Development

Node js, Express js, PHP

### Database

MongoDB, MySql

### Development Tools & Technologies

Git, Restful APIs, Figma to Code Conversion, WordPress
